Profile

A Computer Science and Engineering student at the Indian Institute of Information Technology, Design and Manufacturing, Kurnool, with a passion for web and mobile app development. Seeking opportunities to apply skills in Flutter, MERN stack, and full-stack development to real-world challenges.

Education

Indian Institute of Information Technology, Design & Manufacturing, Kurnool

Nov 2022 – Apr 2026

Bachelor of Technology - BTech, Computer Science and Engineering

CGPA - 7.64

Skills

- C++
- Data Structures and Algorithms
- Python
- Dart
- Flutter
- Firebase
- MERN Stack
- JavaScript

Personal Projects / Experience

- **Nishar Ahmad's Portfolio:**
 - Developed using React and CSS.
 - Features a responsive design with sections for skills, projects, and about.
 - Utilizes a dynamic projects section fetched from an array and skill icons in SVG format.
- **Ahmad's Blog:**
 - Built using the MERN stack (MongoDB, Express.js, React, Node.js).
 - Implemented user authentication with JWT and CRUD operations for blog posts.
 - Features a rich text editor, commenting system, image uploads, and responsive design.
- **Chatbot App:**
 - Developed using Flutter and OpenAI API.
 - Offers real-time conversations with natural language processing.
 - Integrated a user-friendly interface with Flutter widgets.
- **Expenses Tracker App:**
 - Created a basic Flutter app for tracking expenses.
 - Allows users to input and categorize expenses.
 - Simple interface for viewing and managing spending.
- **Lockboot:**
 - Integrated IoT-based door lock control.
 - Real-time management using Flutter and Firebase.
 - Provides secure and responsive door access management.
